Vienna, 12.02.2011

## **PUBLIC PROCUREMENT**

The Vienna Board of Education requires external support for its project *ET-struct*.

### **Background**

The project *ET-struct* is funded under the European Regional Development Fund and the CENTRAL EUROPE Programme for a period of three years. The project consists of a partnership of 17 partners involving 10 Central European Regions. In the framework of this project the development and implementation of eLearning modules is foreseen.

### **Required Services**

1. The Vienna Board of Education in its role as Lead Partner of this project is requesting support in the development and implementation of the regional learning/training module “Transcultural Communication in the Health Sectors in Vienna.” This regional learning/training module is based on the regional demand for *new-skills-for-new-jobs*. This module will be available in “blended learning” i.e. online and on-site and will be written in German with a summary of the module in the *ET-struct* project language – English.

In the Development Phase (May – September) the length of Regional Module will be 2 blended learning hours. In the Improvement Phase the *ET-struct* partnership will decide on the average length of a Regional Module to ensure a corporate identity on the ET-LearnTrain learning platform (i.e. 2,4,6,8,10,12...blended learning hours).

2. Suggestion and mentoring of particular procedures, research-steps.
3. Monitoring and Evaluation of the ET-LearnTrain Regional Module “Transcultural Communication in the Health Sector in Vienna”.

Cooperation can continue for the Improvement Phase of *ET-struct*.

This project is implemented through the CENTRAL EUROPE Programme co-financed by the ERDF
